# TAKE YOUR SAP COMMERCE CLOUD TO THE NEXT LEVEL.

SAP has big plans for their Customer Experience platform, promising to deliver “next-generation business modeling” that allows B2B customers to gain deeper insights. From product content management to personalization, enterprises can innovate, test, and implement with confidence. But limited options exist for creating powerful content experiences.

The CoreMedia Content Cloud provides the missing piece for SAP Commerce Cloud. Build next-generation storefronts and content-rich, shoppable brand sites. Blend real-time product information with multimedia marketing content to deliver consistent product messages anywhere. As a result, CoreMedia Content Cloud is the go-to platform for the world’s most iconic global brands.

Content Cloud is an open, best-of-breed, API-driven solution featuring the industry’s deepest out-of-the-box integration with SAP Commerce Cloud. With the headless content repository you can store and utilize enterprise assets with greater agility. Built-in experience orchestration facilitates the real-time creation and preview of complex front-end customer experiences across different systems. Omnichannel content delivery options give you the ability to dynamically publish across multiple touchpoints instantly. You can also integrate with your Marketing Automation Platform to reuse assets in customer newsletters and multi-channel campaigns.

So tell your brand story in ways that excite, inform, and inspire? Do it immediately and cost-effectively, without waiting for IT or disrupting your existing processes. With CoreMedia Content Cloud, you can.

Go ahead: Be courageous, be bold, be the next big thing. **Be iconic.**

# SEVEN ADVANTAGES OF COREMEDIA CONTENT CLOUD

**[01] Integrate Deeper with SAP Commerce Cloud**  
Looking for a better way to manage multimedia content across your eCommerce properties? With CoreMedia Content Cloud, you can seamlessly blend content with product information via our out-of-the-box integration with SAP Commerce Cloud (formerly Hybris). Deliver differentiated commerce experiences faster.

**[02] Design Front-End Experiences Easily**  
Struggling to maintain a mobile site or feed content to different apps? In CoreMedia Studio, you can design new experiences and preview them from the customer's point of view – personalized, across different channels and devices, directly from your desktop.

**[03] Centralize & Organize Assets**  
Tired of wasting time looking for the latest version of a file across all your silos? Content Cloud helps you to manage and easily find all your assets in a single, convenient central repository and reuse them on any channel and for any device via our headless APIs.

**[04] Choose Your Integration Approach**  
CoreMedia Content Cloud can connect to SAP Commerce Cloud in a variety of ways: as a commerce-led integration, a hybrid model, or a content-led headless approach. Pick the path that works best for your business.

**[05] Embrace Omnichannel**  
Can your CMS work across all your marketing tools, mobile apps, or voice-powered devices? Content Cloud was built to be omnichannel so you can create reusable content and deliver unified and consistent experiences across any channel via our headless APIs.

**[06] Go Global**  
Does the thought of a marketing calendar with hundreds of campaigns for different brands in various languages sound overwhelming? CoreMedia Content Cloud has sophisticated multi-language and multi-site publishing tools that make managing content for different regions, languages, sites, and brands a snap.

**[07] Build Iconic Brand Sites**  
What's the secret to being a successful global brand? It's all about creating great online experiences. But great experiences require you to access content from multiple data sources, including SAP Commerce Cloud. CoreMedia Content Cloud can do that and more.
