

# COREMEDIA CONTENT CLOUD

for commercetools

# TAKE YOUR COMMERCTOOLS PLATFORM TO THE NEXT LEVEL.

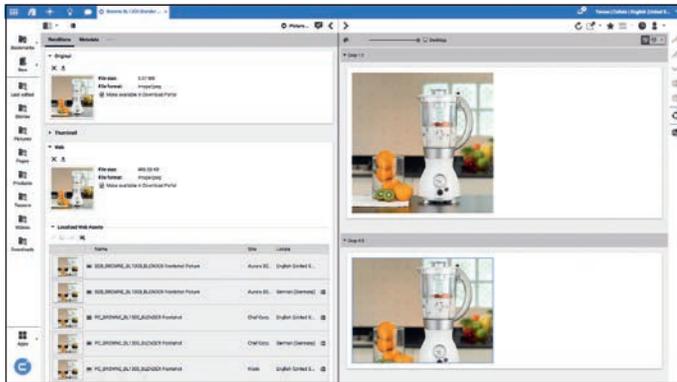

It's an omnichannel world and online shoppers expect personalized, media-rich experiences across all touchpoints. Maintaining separate brand and commerce sites won't cut it anymore, nor will traditional, inflexible, catalog-driven architectures for displaying products. Your customers expect innovative eCommerce experiences everywhere. Creating these with content is beyond the limitations of most major commerce platforms.

The CoreMedia Content Cloud provides the "missing piece" for commercetools. Build next-generation storefronts and content-rich, shoppable brand sites. Blend real-time product information with multimedia marketing content to deliver consistent product messages everywhere. As a result, CoreMedia Content Cloud is the go-to platform for the world's most iconic, global brands.

Content Cloud is the open, best-of-breed, API-driven solution featuring the industry's deepest out-of-the-box integration with commercetools. With the headless content repository you can store and utilize enterprise assets with greater agility. Built-in experience orchestration facilitates the creation and real-time preview of complex front-end customer experiences across different systems. Omnichannel content delivery options give you the ability to dynamically publish across multiple touchpoints instantly. You can also integrate with your Marketing Automation Platform to reuse assets in customer newsletters and omnichannel campaigns.

You want to tell your brand story in ways that excite, inform, and inspire? Do it immediately and cost-effectively, without waiting for IT or disrupting your existing processes. With CoreMedia Content Cloud you can.

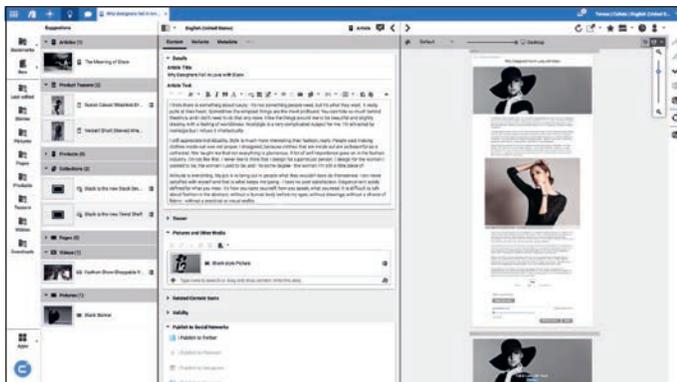

Go ahead: Be courageous, be bold, be the next big thing. **Be iconic.**

# SEVEN ADVANTAGES OF COREMEDIA CONTENT CLOUD

**[01] Integrate Deeper with commercetools**  
Looking for a better way to manage multimedia content across your eCommerce properties? With CoreMedia Content Cloud, you can seamlessly blend content with commerce via our pre-built integration with commercetools. Deliver differentiated commerce experiences faster.

**[02] Design Front-End Experiences Easily**  
Struggling to maintain a mobile site or feed content to different apps? In CoreMedia Studio, you can design new experiences and preview them from the customer's point of view – personalized, across different channels and devices, directly from your desktop.

**[03] Centralize & Organize Assets**  
Tired of wasting time looking for the latest version of a file across all your silos? Content Cloud helps you to manage and easily find all your assets in a single, convenient central repository and reuse them on any channel and for any device via our headless APIs.

**[04] Personalize the Customer Journey**  
Don't let your data silos stand in the way of creating a personalized experience. Content Cloud embeds and unifies real-time data from your systems to enhance each customers' hyper-personalized experience.

**[05] Embrace Omnichannel**  
Can your CMS work across all your marketing tools, mobile apps, or voice-powered devices? Content Cloud was built to be omnichannel so you can create reusable content and deliver unified and consistent experiences across any channel via our headless APIs.

**[06] Go Global**  
Does the thought of a marketing calendar with hundreds of campaigns in various languages and for different brands sound overwhelming? Content Cloud has sophisticated publishing tools that make multi-region, multi-language, multi-site, and multi-brand management a snap.

**[07] Build Iconic Brand Sites**  
What's the secret to being a successful global brand? It's all about creating a great online experience. But great experiences require you to access content from multiple data sources, including commercetools. CoreMedia Content Cloud can do that and more.
